

REVIEW OF MARKETS  
FINANCIAL AND COMMERCIAL  
Stocks, Money, Exchange, Bonds, Grain,  
Cotton, Provisions, Etc.

New York, July 6.—The market for stocks was reactionary to-day. Last prices of most railroad stocks were the lowest and not losses for the most prominent railroad stocks in the list average about 1 1/2 per cent. These include the great trunk lines, Pennsylvania and New York Central, and about all of the Grangers. There were sporadic advances in a number of industrial specialties, but these were not held, the last prices showing reactions of between 1 and 2 points. Realizing sales were in evidence from the opening but were well absorbed in a very active market, business continuing to noon. The weakness of the Grangers was especially notable and was undoubtedly associated with the reports of too heavy rains in the Northwest and of consequent damage to the spring wheat crop. The firmness in wheat was coincident. The damage in the Southwest by floods had also a depressing influence. Undoubtedly there was a large short interest closed out yesterday and to-day's market lacked that sustaining force. But the most potent influence towards reaction was the continued abundance of funds to flow into New York from July disbursements of dividends and interest did not materialize and interior exchanges continued to run against New York. The rate for call money held near six per cent. all day. A stiffening in the London money market also caused some uneasiness lest it might lead to a renewal of gold exports.

The prevalent weakness of railroad stocks was in contrast to a sharp upward movement in a number of industrial specialties. Sugar being most prominent. Strength was also shown by the Tobacco stocks, Steel and Wire, Tin Plate, Tennessee Coal and Iron, Anaconda, Manhattan, Rubber, Leather preferred and Cotton Oil. In the outside market Amalgamated Copper was strong, selling at 96 1/2. All of the specialties, however, showed reactions in the late dealings.

Bonds showed increased activity and price changes were mixed. Total sales, \$2,585,000.

U. S. 3's and the new 4's advanced 1/4 and 1/2 respectively. The bid price. The old 4's registered a decline of 1/4.

The total sales of stocks were 524,900 shares.
